Soaking Up Argentina's Lake District

In northwestern Patagonia, [Blue Parallel](#) coordinates custom trips that both highlight the Lake District's natural bounty and bring its culture to life. Combine heady experiences like chef- and sommelier-led picnics

overlooking the Argentine steppe, private outdoor concerts, hiking in the forests around Bariloche, "floating cocktails" by kayak, and a visit to the studio of artist Juan Lascano—who draws inspiration from the area's waterfalls, pine forests, and snowy peaks.
