TAKE IT PERSONALLY Newlyweds are planning honeymoons that involve custom service and intimate experiences. Instead of cruising the Caribbean on a mega-ship or booking a one-size-fits-all resort, couples are choosing smaller, more personal trips, such as European river cruises and custom tours abroad. Blue Parallel, a bespoke travel boutique, plans private, custom journeys along the Adriatic Coast, taking honeymooners from Split, Croatia, through Hvar and Dubrovnik to Montenegro, with special access to private boats, artisan vineyards, historic villages, and more. blueparallel.com
