Stockholm (2 nights)

Upon arrival, your personal host will greet you before escorting you to your luxury hotel located in the cultural, centrally based neighborhood of Norrmalm. Over the next two days, you will discover Stockholm with the help of your private guide, who will reveal the very best that the city has to offer. Marvel at the sunken pride of the Swedish Imperial fleet at the Vasa Museum, absorb the history of the city exploring the winding streets of Gamla Stan, and witness the changing of the guard at the Royal Palace. In the evenings, savor some of the country's best cuisine at Stockholm's finest restaurants.

Lulea - Lapland (3 nights)

Your luxury tour of Lapland begins following a flight to Lulea. Upon arrival, you will be greeted by your personal host and taken by private transfer to your remote lodge. Stop along the way at the quaint church town of Gammelstad, a UNESCO World Heritage Site. After settling into your accommodation at your very own private lodge in the wilderness, begin a privately guided Nordic ski tour to experience Sweden's traditional means of travel across the winter landscape. Watch for wildlife tracks and learn about the boreal forests of the arctic, with opportunities to spot moose in the winter landscape. Today you will also enjoy a delicious outdoor barbecue lunch, prepared just for your party.

The following day, depart on an exhilarating, privately guided snowmobile ride through the Lappish snow-covered countryside. Head off into the pristine wilderness via frozen river routes and through a spellbinding forest trail before stopping to savor an exclusively cooked lunch prepared with locally sourced ingredients. After your breathtaking excursion through the snow-covered wilderness, return to your lodge. There, take advantage of the private outdoor hot tub and sauna, unwinding through this popular Scandinavian practice. In the evening, escape the cold with a delicious dinner of wonderful Swedish staples.

In the morning, your personal host will welcome you before you go by private transfer to begin a light walk to the Storforsen river. The Storforsen river has some of the highest unrestricted white-water rapids in Europe. In wintertime, these rapids partially freeze over, creating a wondrous natural spectacle. Following your visit, you will be privately transferred to the Tree Hotel. Enjoy time to relax at leisure, with beautiful views from your room of the surrounding ice-capped landscape. Here you will revel in an experience in Lapland unlike any other, cozy in your luxurious cabin held high aloft the indigenous pine trees of a Swedish forest. Savor a delicious dinner in your private treetop accommodations, prepared for you by the Tree Hotel's chef using locally sourced ingredients such as wild game or hand-picked berries.

Kiruna - Lapland (3 nights)

The next day, pass through the little town of Jokkmokk. Stop to meet a local Sami and discover their customs firsthand before savoring a traditional Sami lunch. Then, continue by private transfer to the small village of Jukkasjärvi to enjoy a private, insider tour of the iconic Ice Hotel. Following your exclusive tour, head out with a team of Alaskan Huskies, embarking on a night dog sledding excursion directly to Fjellborg Arctic Lodge.

During your stay at Fjellborg Arctic Lodge, you will experience a range of activities in the Lappish wilderness. Mush your own team of Alaskan Huskies as you race off into the Swedish outback, passing breathtaking scenery at every moment; head out with your expert guide to a frozen lake to learn the art of arctic fishing before enjoying your catch that evening for dinner; channel your artistic side with a private ice-sculpting lesson and speed effortlessly across the snow-covered Arctic landscape on a snowmobile tour. After the day's excursions, relax at your leisure, enjoying time to soak in the suspended outdoor hot tub of your exclusive cabin. Then, indulge in spectacular dinners served privately at your lodge or in the adjacent communal cabin. In the evenings, keep your eye out as night falls for a glimpse of the spectacular and elusive Northern Lights.
